

Looking for something to do this Friday night? Want a quick escape from the lab? Why not stop by the EE Grad Student Social in the EBU-II lobby Friday March 7th at 6pm?

You can't beat dinner, drinks (beer included!), and games all for the low, low price of \$5!!

This event will have an international theme and everyone is encouraged to come in the traditional dress of your country. We are planning to have Indian, Chinese, Hispanic and American foods and music. If you have mp3's from your home country that you would like us to play, please contact Arvind (arvindleela@gmail.com). There will be an assortment of games planned including Uno, Mah Jong, card games, Nintendo wii, and Xbox 360 rock band.

We are expecting higher food costs this time so we are asking for a \$5 per person contribution to buy food, drinks (including beer!), and supplies. The amount of food and drinks served will be based on the amount of money we can collect, so it is important that you help us with the party by giving your contribution. Your friends and family are also welcomed to attend but all adults will need to pay the \$5 as well.

You can give Amy your \$5 contribution in my office (Vanda's old office in EE Administration) or Suchi in Bourns 140 lab by Wednesday, March 5th.

If you would like to help with this event (decorations, set-up, clean-up, music, games, publicity, etc.), provide input/suggestions, are from a country not included and want represented, please feel free to email the electrical engineering graduate student association at ee_gsa@ee.ucr.edu. We hope to see everyone there!

BRING A DATE! BRING A FRIEND! BRING YOUR AI ROBOT!! (Sorry, we will still have to charge for the robot...)
